

# Healthcare Valuation: Practices and Facilities

There are many events that may set the stage for a valuation of a healthcare organization. Whatever the reason for the valuation, there are significant and complex aspects of each transaction, related to the reimbursement, regulatory, technology and company environment, which should be carefully examined. Marshall & Stevens has the experience to provide intelligent, detailed, and supportable valuation opinions. Our valuation professionals understand the nuances of conducting valuations within the context of the Stark Law and Anti-Kickback Statutes.
