

Valuation Services for Private Equity

Founded in 1932, Marshall & Stevens is engaged by public and private entities to provide independent Fairness Opinions, Solvency Opinions and valuations of business enterprises, investments, intangible assets, equipment, and real estate.

Our team of professionals includes valuation professionals experienced in providing independent value opinions as well as reviewing valuations performed by other firms, while working for their public accounting employers.

INDEPENDENT FAIRNESS OPINIONS

- A Marshall & Stevens fairness opinion is independent of conflicts since it is not contingent on the close of a transaction.
- We opine on the fairness of the transaction considerations to the shareholders on either side of a transaction.

INDEPENDENT SOLVENCY OPINIONS

- A Marshall & Stevens solvency opinion is independent of conflicts since it is not contingent on the close of a transaction.
- Most often used by private equity in dividend recapitalization transactions, we opine on the ability of the corporate entity to service new financing.
